Singapore Management University: BSc in Economics
(2010-2014)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the last 7 years, I've guided students from various educational systems, including IB, A-Level, and AP, towards exceptional performance in Economics. My expertise lies in simplifying complex topics like market structures and macroeconomic policies, tailoring lessons to match each student's unique learning needs.

My tutoring journey has involved one-on-one sessions and group classes, both online and in person. I've worked extensively with students preparing for university admissions, helping them secure top grades and admission into prestigious institutions. Seeing students achieve their goals and develop a passion for Economics has been the most rewarding part of my career.
