## Tutoring Experience

For over a decade, I have been working with students across various curricula, guiding them through their IB Economics and A-Level studies. I've supported students with internal assessments, extended essays, and exam preparation, ensuring they feel confident and ready to excel in their academic work.

My tutoring approach is deeply rooted in practical application, with real-world examples integrated into every lesson. Whether teaching IB or A-Level, I focus on making economics relatable and comprehensible, ensuring that students grasp the key concepts while building their critical thinking and analytical skills.
