Tutoring Experience

For the past eight years, I've worked with students across top international schools, helping them succeed in IB Business Management and A-Level Business. I focus on providing a solid understanding of core business principles while preparing students for their exams and extended essays.

In addition to IB and A-Level Business, I've also guided IGCSE Business students to achieve high marks by offering structured and tailored lessons. My tutoring approach ensures students feel confident tackling both coursework and final assessments, leading to consistent academic success.
